

ARIZONA WOODTURNERS ASSOCIATION -- PRESIDENT'S MESSAGE -- DEC. 2017

I wanted to get the December message out early because it is coming up quick. In fact our Christmas party is December 9th.

As most of you know I received a couple of emails about our possible move to Seeds. I was really impressed. I heard from people that I didn't even know were in our Club. I have never seen this kind of response ever from this Club. It shows that you're still alive, and care what goes on with this Club.

I want you all to know that at no time did any of your Officers or Board members ever try to deceive the members of this Club. We all love these positions because we all love our club, and we only have good intentions. We did follow proper protocol. We received an invitation to share Seeds facility, I called the Board meeting, which we held at the Seeds facility, so Officers and Board members would be able to tour the facility. The Board members and Officers voted to present this move to the members. Now, call it bad timing, bad wording, or whatever, there was never any intent to make a move without the vote of the members. Saturday's meeting, we decided to table this conversation until January. I have considered throwing one of these situations out there a couple times a year just to keep everybody fired up. Just kidding!

Anyway, if anyone is interested, Seeds is having a craft show on December 2. If you get a chance go down and check out the facility, Buy some items, help Seeds out. Their address is 3420 S 7th St, Phoenix.

On a brighter note, our Christmas party coming up fast. So get those Christmas ornaments designed and made so that we can have a good turnout for the exchange. I will send out another email about how we will do the potluck.

So, everyone take a deep breath, all is good. Everyone have an awesome Thanksgiving and hope to see you at the Christmas party.

Now, we cannot blame the hot weather for not getting out there and doing some turning. So Get Er Done!!!! Thanks and have a great day.

Jim McCleary
President, Arizona Woodturners Association
